

COMPANY PROFILE

SHANGHAI EVEN MEDICAL INSTRUMENTS CO., LTD is headquartered in the most dynamic commercial and financial center of China—Shanghai. We are a professional, full-service enterprise specializing in the export of surgical dressings, surgical equipment, and all related medical items, with capabilities extending to high-tech medical equipment research and development.

Our Mission:

We are guided by the principle of “Serving Clients with Heart and Soul” — surviving on the foundation of Quality, growing through Technology, and thriving through Management and Reputation. We operate in strict accordance with the ISO 9001 quality management system, placing

strong emphasis on brand development and upholding our core enterprise spirit: “Credit First, Superior Quality, Mutual Benefits, and Joint Development.” We continuously absorb and integrate advanced production technologies and management concepts from leading international enterprises to ensure our products meet global standards, earning the trust and recognition of customers worldwide through outstanding products and service.

Our Core Values:

- People Over Profits
- Constantly Strive for Quality
- Stay 3 Steps Ahead
- Be Human, Be Honest
- Work Smart
- Always Be Available
- Work With You
- Be The Best
- Transparent Financials
- Always an Honest Answer

Our Service:

Mainly specializes in Surgical Dressings, Medical Disposables, and Laboratory Disposables. Our products are distributed to clients across Europe, the Americas, Southeast Asia, Oceania, the Middle East, Africa, and beyond.

We maintain close partnerships with professional manufacturers and suppliers across more than 30 provinces in China, ensuring a stable and reliable supply chain.

We are committed to delivering the best possible solutions tailored to our clients’ needs. By thoroughly understanding each client’s objectives and maintaining close, ongoing relationships, we help them maximize value and outcomes. Our clients span both medical and non-medical sectors, including medical laboratories, state and private medical institutions, and healthcare service providers.

We adhere to rigorous quality requirements and industry guidelines to consistently deliver products and services that meet and exceed customer expectations. Our robust internal quality management system ensures that every aspect of our operations reflects our commitment to excellence, making us a dependable and trustworthy partner for organizations around the world.
